

Q HOTELS

MICE 2025

Q Hotels is an Andalusian company that started in 2006 with the purchase of the hotel El Cortijo de Zahara, located in Zahara de los Atunes, Cádiz. That was our first step on a long journey where, today, we are making our goals and dreams come true, growing the chain project by project.

Currently, Q Hotels has several properties, including 4-star and 5-star hotels as well as tourist apartments, all in great locations.

We work with restaurant models based on local cuisine and a “km 0” policy, with our own restaurants: Tarik, La Bodega, and Los Lances.

We aim to go beyond the usual standards, offering a different approach to comfort, architecture, and interior design, with a strong focus on personality in each of our hotels.
